If so, then you need to read *Angrynomics*, the passionate and provocative new book by Eric Lonergan. In this eye-opening exposé, Lonergan meticulously documents the ways in which politicians, bureaucrats, and special interests have systematically undermined our economy, stolen our freedoms, and threatened our future.

From the out-of-control spending that has led to a national debt of over \$20 trillion to the crony capitalism that has allowed big corporations to buy our

political system, Loneragan pulls no punches in exposing the true cost of government corruption.

But *Angrynomics* is more than just a litany of complaints. Loneragan also offers solutions. He shows us how we can take back our government and restore our freedoms. He provides a roadmap for a more prosperous, more just, and more free future.

If you're angry about the state of our government, then *Angrynomics* is the book for you. It will open your eyes to the true cost of government corruption and empower you to fight back.
