In Color Block Quilt Making, author [author's name] provides a comprehensive guide to creating stunning color block quilts. This book will teach you everything you need to know about choosing fabrics, cutting and piecing blocks, and quilting your finished top. With over 100 color photographs and illustrations, Color Block Quilt Making is the perfect resource for quilters of all levels.

## Choosing Fabrics

The first step in making a color block quilt is choosing the right fabrics. For a bold and graphic look, choose solid color fabrics in contrasting or complementary colors. You can also use patterned fabrics, but be sure to choose patterns that will not compete with the bold colors of the quilt blocks.

When choosing fabrics, it is important to consider the weight and drape of the fabric. For a quilt that will be used as a bedspread or wall hanging, choose a medium-weight fabric with a good drape. For a quilt that will be used as a lap quilt or baby quilt, you can choose a lighter-weight fabric.

### **Cutting and Piecing Blocks**

Once you have chosen your fabrics, you can begin cutting and piecing the quilt blocks. The most common quilt block size is 12 inches square, but you can choose any size you like. To cut the blocks, use a rotary cutter and a quilting ruler. Be sure to measure carefully and cut accurately.

Once the blocks are cut, you can begin piecing them together. There are many different ways to piece quilt blocks, but the most common method is to sew the blocks together in rows. Once the rows are sewn together, you can sew the rows together to complete the quilt top.

### **Quilting**

Once the quilt top is complete, you can begin quilting it. Quilting is the process of sewing the quilt top to a backing fabric and a layer of batting. This creates a finished quilt that is durable and warm.

There are many different ways to quilt a quilt, but the most common method is to machine quilt it. To machine quilt a quilt, you will need a

sewing machine with a walking foot. A walking foot helps to feed the quilt evenly through the machine, which prevents the quilt from puckering or stretching.

Once the quilt is quilted, you can bind it to finish it off. Binding is a strip of fabric that is sewn around the edges of the quilt to cover the raw edges. Binding helps to protect the quilt and give it a finished look.

## **Color Block Quilt Patterns**

Color block quilts are a great way to use up your fabric scraps. You can also use color block quilts to experiment with different colors and patterns. There are many different color block quilt patterns available, so you can find one that fits your style and skill level.

Here are a few tips for choosing a color block quilt pattern:

- Consider the size of the quilt you want to make.
- Choose a pattern that uses fabrics that you already have on hand.
- Choose a pattern that is within your skill level.

Once you have chosen a pattern, you can begin making your color block quilt. With a little time and effort, you can create a beautiful quilt that will be treasured for years to come.

Color block quilts are a great way to add a bold and graphic touch to your home décor. They are also a great way to use up your fabric scraps and experiment with different colors and patterns. With Color Block Quilt Making, you can learn everything you need to know to create stunning color block quilts.
