Contemporary Concept of Bowing Technique for the Double Bass is a groundbreaking book that provides a comprehensive guide to advanced bowing techniques for the double bass. Written by renowned bassist and педагог François Rabbath, this book is the culmination of decades of research, experimentation, and teaching.

The book is divided into three main sections:

- **Fundamentals of Bowing Technique**
- **Advanced Bowing Techniques**
- **Applications and Musical Examples**

Fundamentals of Bowing Technique

The first section of the book focuses on the fundamentals of bowing technique, including:

- Bow hold and position
- Proper use of the right and left hands
- Basic bowing strokes
- Coordination and timing

Rabbath provides clear and concise instructions, accompanied by numerous photographs and diagrams to illustrate proper technique. He also includes exercises and etudes to help bassists develop a strong foundation in the basics of bowing.

Advanced Bowing Techniques

The second section of the book explores a wide range of advanced bowing techniques, including:

- Spiccato and sautillé
- Ricochet and col legno
- Harmonics and sul ponticello

- Tremolo and vibrato

For each technique, Rabbath provides detailed instructions, practice exercises, and musical examples to help bassists master the technique. He also discusses the historical background and musical applications of each technique.

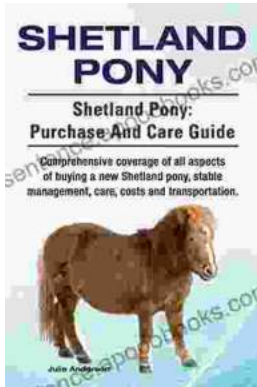

Applications and Musical Examples

The third section of the book demonstrates how to apply advanced bowing techniques in various musical contexts. Rabbath includes excerpts from the solo and orchestral repertoire to illustrate how these techniques can be used to enhance musical interpretation and expression.

He also provides guidance on how to create your own bowing patterns and develop your own unique musical voice.

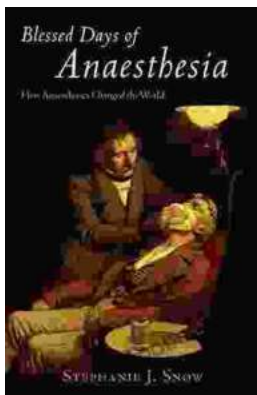

Contemporary Concept of Bowing Technique for the Double Bass is an essential resource for any bassist who wants to expand their expressive capabilities and enhance their performances. Rabbath's clear and comprehensive approach makes this book ideal for both students and professional bassists.

With its wealth of information, exercises, and musical examples, *Contemporary Concept of Bowing Technique for the Double Bass* is a definitive guide to advanced bowing techniques for the double bass.
