White supremacy is a system of oppression that privileges white people over people of color. It is a global phenomenon that has existed for centuries, and it continues to have a devastating impact on the lives of people of color today.

In *How We Fight White Supremacy*, author and activist Nicole Cardoza provides a practical guide to dismantling white supremacy and building an equitable world. Cardoza draws on her own experiences as a woman of color and an organizer to offer a roadmap for how we can all take action to fight white supremacy.

The book is divided into three parts:

- **Part One: Understanding White Supremacy**
- **Part Two: Dismantling White Supremacy**
- **Part Three: Building an Equitable World**

In Part One, Cardoza provides a comprehensive overview of white supremacy, its history, and its current manifestations. She discusses the ways in which white supremacy shapes our institutions, our culture, and our personal lives.

In Part Two, Cardoza offers a toolkit for dismantling white supremacy. She provides concrete strategies for how we can challenge white supremacy in our everyday lives, in our communities, and in the world at large.

In Part Three, Cardoza lays out a vision for an equitable world, a world in which all people are treated with dignity and respect. She discusses the principles of equity and justice, and she offers concrete steps that we can all take to make this vision a reality.

*How We Fight White Supremacy* is an essential resource for anyone who wants to fight white supremacy and build a more just and equitable world. Cardoza's writing is clear, concise, and accessible, and she provides a wealth of information and insights that will help readers understand the problem of white supremacy and take action to dismantle it.
