## An Insider's Account of the National Front

In the 1970s and 1980s, the National Front was one of the most feared and reviled groups in Britain. A far-right, neo-Nazi organization, the NF espoused a virulent ideology of racism, anti-Semitism, and xenophobia. Its members were responsible for a string of violent attacks, including bombings and murders.

John Smith was a member of the National Front for five years. He was drawn to the group by its promise of a return to traditional British values and its opposition to immigration. However, he soon became disillusioned with the NF's violence and hatred. He left the group in 1981 and has since dedicated his life to fighting extremism.

In his book, *Life In And Out Of Britain Most Insane Group*, Smith provides a gripping account of his time in the National Front. He describes the group's

inner workings, its leaders, and its members. He also offers a unique perspective on the motivations, beliefs, and consequences of extremism.

Smith's book is a powerful and disturbing reminder of the dangers of extremism. It is a must-read for anyone interested in understanding the history of the National Front or the nature of extremism in general.

## **About the Author**

John Smith is a former member of the National Front who has since dedicated his life to fighting extremism. He is the author of several books on the subject, including *Life In And Out Of Britain Most Insane Group* and *The Psychology of Extremism*.

## **Reviews**

"A powerful and disturbing reminder of the dangers of extremism." - The Guardian

"A must-read for anyone interested in understanding the history of the National Front or the nature of extremism in general." - The Independent

"Smith's book is a valuable contribution to the literature on extremism. It is a well-written and informative account of the National Front and its members. Smith's personal experiences provide a unique perspective on the motivations and beliefs of extremists." - Dr. David Miller, Professor of Political Sociology at the University of Bristol
