Treat's work is often inspired by the female form, and she uses her sculptures to explore themes of beauty, sexuality, and power. Her sculptures are often large-scale and are made from a variety of materials, including stone, bronze, and glass.

Treat's work has been compared to that of other great sculptors, such as Michelangelo and Rodin. However, her work is unique in its own way, and she has developed her own distinctive style. Treat's sculptures are both beautiful and powerful, and they offer a unique perspective on the female form.

Stone Bronze Sculpture: Sensuous, Voluptuous, and Feminine

This book is a celebration of the work of Angela Treat. It features over 100 of her sculptures, including some of her most famous works. The book also includes an essay by art critic Roberta Smith, who discusses Treat's work and its place in the history of art.

If you are a fan of Angela Treat's work, then you will love this book. It is a beautiful and comprehensive look at her career, and it is sure to inspire you.

About the Author

Roberta Smith is an art critic for The New York Times. She is one of the most respected art critics in the world, and her writing has been praised for its intelligence and insight. Smith has written extensively about Angela Treat's work, and she is a strong supporter of her art.
