HCI is a rapidly growing field that is constantly evolving to meet the changing needs of users. Thematic Area HCI 2024 will provide a unique opportunity to learn about the latest trends in HCI research and practice, and to network with leading experts in the field.

## What is HCI?

HCI is the study of how people interact with computers and other technologies. HCI researchers are interested in understanding how people use computers to complete tasks, how they learn to use new technologies, and how they interact with computers in different contexts.

HCI research has a wide range of applications, including the design of new user interfaces, the development of new technologies, and the improvement of existing technologies. HCI research can also help to inform public policy and decision-making about the use of technology.

### **What is Thematic Area HCI 2024?**

Thematic Area HCI 2024 is a conference that brings together researchers and practitioners from all over the world to share their latest work on HCI. The conference will feature a wide range of presentations, workshops, and tutorials on the latest advances in HCI research and practice.

The conference will be held in San Diego, California, from July 19-23, 2024.

### **Who should attend Thematic Area HCI 2024?**

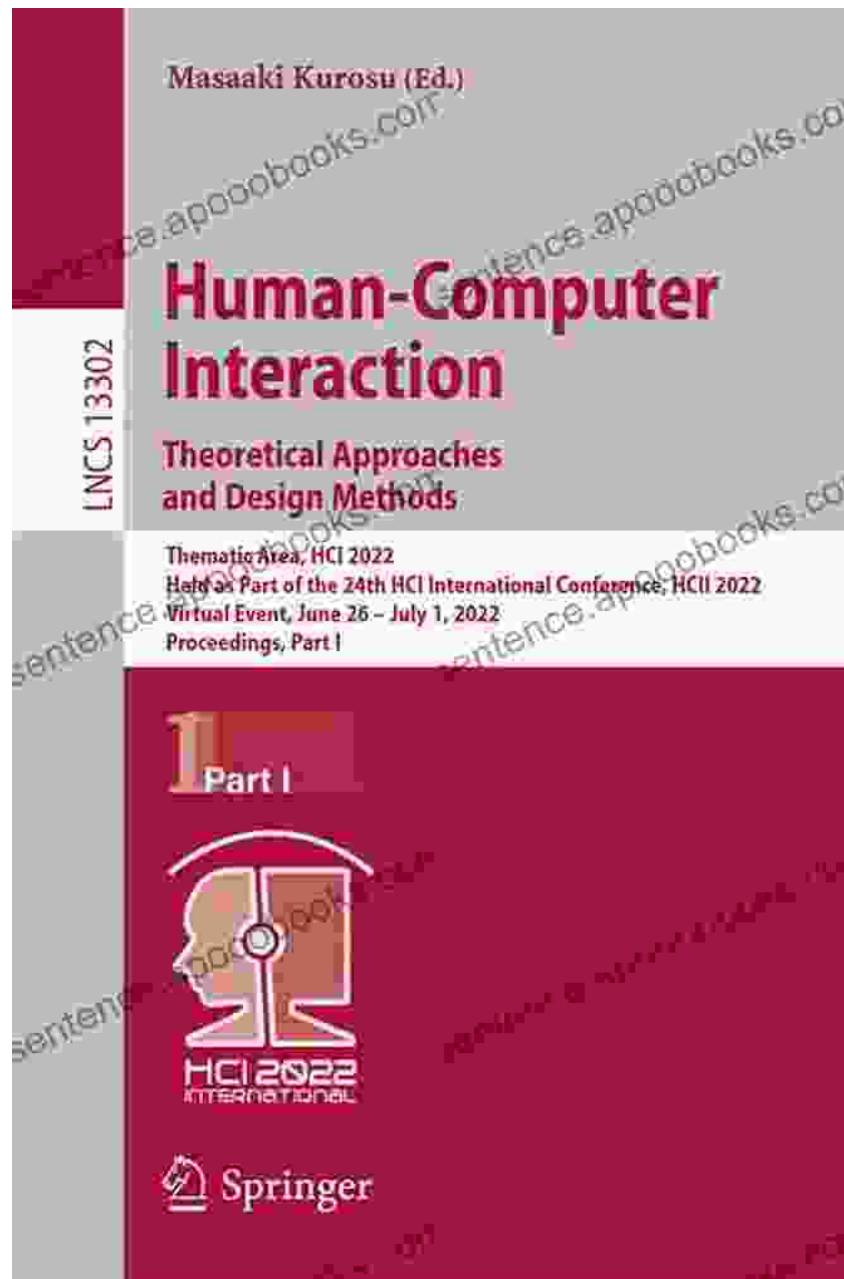

Thematic Area HCI 2024 is a must-attend event for anyone who is interested in the latest advances in HCI research and practice. This includes:

- Researchers in HCI and related fields
- Practitioners in HCI and related fields
- Students in HCI and related fields
- Anyone who is interested in the future of human-computer interaction

## How can I register for Thematic Area HCI 2024?

Registration for Thematic Area HCI 2024 is now open. You can register online at the conference website.

We hope to see you at Thematic Area HCI 2024!
